

"You are"

- Text: Moritz Schreder, Melodie: Marcel Cansino -

Vers:

Golden Hair

your eyes are blue

One morning I,

recognized

summertime

will be nice

Tell me If I,

could realize

To make you shinin'

like the sun,

Because I would

like to go with you

to go with you

to the end of the world

wake me up again.

it's summertime!

Bridge:

He pursues me, everytime

wher - ever I am

He pursues me, everytime

wher - ever I am

Refrain:

You are like an angel from heaven,

You are like a light at night

You are like a saviour of my life

You are my aim

Vers:

I think I'd found out

what I feel

Burned out dreams

of others that i steal

Days without you

is wasted time

But when it's gone

I can't get it back

The Time is up

my thoughts not yet

stop the time

for a closer look inside

I can't esteem

your precious things

you broke my heart

you're such a lovely thing
